

Fall Hike: Brookside Yesterday & Today

Saturday, October 21, 2023 at 1:00 p.m.

Join us on a short hike in Cleveland Metroparks' Brookside Reservation to learn about the ancient and recent history of Big Creek and its alterations to accommodate I-71, the development of Brookside Park and the Zoo, and their impacts to the surrounding communities.

We'll examine the modified Big Creek spillway followed by a short walk to a unique wetland complex. Guest speakers include Archaeologist Roy Larick, PhD.

Park and meet along John Nagy Boulevard near the spillway, about 1/2 mile from the Ridge Road entrance. Dress for possible muddy trail. Refreshments.
